NO. 11.

A Fishless Stream.

What creek in Kentucky has no fish in it, is a question which might be asked and very few could answer. Yet there is such a stream—a creek in Powell county near the border line between Clark and Powell counties, and which has the peculiar name of Coperas creek, writes John Goff, of Indian Fields, in the Kentucky Farmer and Breeder.

Strange as it may seem, no fish, not even minnows, have ever been known to inhabit its waters, while it is a stream of considerable size.

Some contend that fish cannot get over the falls near its mouth. In order to ascend the stream, while others say its waters are so strongly impregnated with coperas from the numerous banks of that mineral found along its course, that all aquatic life is simply destroyed. This latter theory seems to be verified from the fact that often times when Coperas creek becomes suddenly flush and its current rushes out into the stream below—fish in the latter are killed for some distance down.

In the pioneer days of the State, one large hank on the creek was worked and the mineral from it made an article of commerce, but this industry has long since dropped from the affairs of men.

And the region about Coperas creek today is considered one of the poorest to be found anywhere being classified as "The Red Brush," which puts it pretty low down in the scale. Still we are told it is a good place to raise hogs, because such a thing as cholera is a stranger to the swine of this vicinity, but

the feed on which the animals are to subsist must be brought from some other locality.

Sentenced to Hang.

After being out but twenty-seven minutes, a jury at Lexington brought in a verdict of guilty and fixed the penalty at death for J. W. Bess, charged with the murder of Mrs. Martha Martin. This is the second death verdict in the case. The jury trying the case was drawn from Scott county which shows that all murderers look alike to the people of Scott county, whether the victim be a woman or a Governor of the State.

Lexington Herald Indicted.

The Morning Herald of Lexington, noted for its misrepresentation of mountain affairs, has again been indicted by the Breathitt Circuit court, this time for criminal libel, in publishing a statement that Beach Hargis, son of Judge James H. Hargis, had been locked up in jail for drunkenness and disorderly conduct. This mountain defamer also has a damage suit pending against it for \$5,000 in the Jackson court.

Large Block of Coal.

A block of cannel coal, weighing 4,000 pounds has been mined from the famous Morgan county cannel coal fields and hauled overland to Morehead, a distance of thirty-five miles, where it was shipped to St. Louis to form a part of Morgan county's exhibit at the World's Fair.

A freight wreck at the L. & E. Junction yesterday resulted in the ditching of six cars loaded with ties and lumber, and the east bound passenger was delayed for several hours yesterday evening.

Virden.

Mr. Cook lost a valuable cow and calf last week.

Charley Hinds went to Indian Fields Monday on business.

G. W. Curtis, of Right Angle visited his brother, C. C. Curtis Monday.

E. R. Hinds and Berl Everman, of West Bend, was in our town Monday on business.

G. W. Everman and wife, and uncle Press Everman visited G. W. Curtis near Right Angle Sunday.

Lewis Mastin and wife, Jasper Mastin, and John Clemons were in Winchester Monday on business.

Mrs. C. C. Curtis and Sadie D. visited "Aunt" Margaret Fisher Sunday, and report her very poorly.

J. W. Baker, one of our clever neighbors is improving his place by building a lot of bran new wire fence.

Willie Curtis, of this place, visited his cousin Charley Curtis, from Saturday till Monday in Clark county.

Winter holds on pretty well. We had a snow Tuesday morning to wade through making it look like winter sure enough.

Mrs. Kate Watts, while visiting her parents, Mr. and Mrs. A. Patton last week, was taken very ill, though she is on the mend at this time.

Mr. Weeden Adams has moved back to his old home near here. We are glad to have Mr. Adams in our midst, but sorry to state that Weed is in poor health.

Mr. Cook thinks he will soon have his mill in operation on Black creek. James Johnson, of Hatton Creek, will take charge of the engine and J. W. Baker is sawyer.

Daniel Curtis, the successful hunter, reports having a severe battle with a big fat ground hog, though he massacred Mr. Hog. Daniel said Oh, but he was fat and tender.

Simpson Clemons cut his foot very badly the other day while cutting wood. Dr. Littlepage was called in and dressed the wound, and the Dr. took 8 stitches in the gash. Simpson is getting along nicely.

For the Ticket.

In order to allay excitement and suppress conjecture, the Courier-Journal desires to say that whoever receives a two-thirds vote in the next National Democratic Convention as candidate for President of the United States shall receive the support of this paper.

If the platform contains matter we cannot honestly indorse and approve, we shall repudiate so much of it as may meet our dissent, and go on with the campaign as if nothing had happened. If the nominee be not precisely to our liking, we shall discount our objections and give him the best the shop has in stock. There are a dozen possibilities whom we can heartily support. There are but three whom we have challenged. But, any halt in the headlong speed traveled by the Republicans, any check to the restless and dangerous ambition of the present occupant of the White House, would be a distinct gain to the country and the people.—Courier-Journal.

Mr. and Mrs. Jas. G. Easter were visiting in Winchester yesterday.

Irvine Items.

(Irvine Herald.)

Mrs. B. F. Jacobs has been confined to her room for the past week.

T. C. Vaughn, of Mt. Sterling, was in Irvine from Friday until Monday.

Mrs. Jos. Carr and Master Joe Wayne, of Newport, are visiting Mr. and Mrs. Matt Haeker.

A large stave barge has been brought from Ross creek to be used by the Cooperage Company.

A landslide near Hledelburg delayed the Beattyville train Monday morning about two and a half hours.

Dr. and Mrs. Sams arrived Monday from East Bernstead and have secured quarters at the Wallace House for the present. Dr. Sams will begin the practice of medicine at once.

H. R. Smith, General Passenger and Freight Agent of the L. & A., was in Irvine the latter part of last week. Mr. Smith is an old Irvine boy, and was at one time associated with the Mountain Sentinel, a newspaper published at Irvine several years ago.

Mr. Henry Watson was here this week in the interest of the local telephone Company. The equipment for the exchange office are here, but a suitable place for its location has not been secured. It is probable that the company will erect a building for this purpose.

The first tide of any consequence this season has occurred in the Kentucky river within the last week. Several thousand logs were received by the mill company here, and a large number passed to the mills at points below, many tie rafts were run to Valley View by the Ohio River Valley Tie Company.

An ordinance has been passed by the local Board of Trustees prohibiting stock to be allowed to run at large on the streets of Irvine. A fine of 50 cents, will be imposed for the first offense, \$1.00 for the second and \$2.50 for the third and each succeeding offense. The law applies to cows only in the night time.

Does your head ache when you read? If so, you are in need of a pair of glasses properly fit to your eyes. See W. T. Webb, the optician.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 48,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Can't Stand The Truth.

Some people don't seem to like
the TIMES when it pinches their
toes by telling the truth and pre-
fer their name to not be mention-
ed at all. These people should
be thankful to us for what we do
not print. As to the news we in-
tend to print that in the main,
regardless of whom it may please,
or whom it may justly reflect up-
on so long as the present editor
is at the helm. That's our busi-
ness and duty and you may de-
pend upon us doing it faithfully
and to the best of our ability,
even in defiance of personal re-
quests to the contrary.

Work of the Trusts.

Within the last eighteen
months there has been a shrink-
age of value in cattle, hogs, sheep
and other live stock interests in
the United States to the enor-
mous total of \$850,000,000. The
sum is so astounding that it may
seem incredible to the general
public, and yet these figures are
not exaggerated. A decline of
\$3.50 per hundred pounds in the
price of beef cattle means the
loss of \$35 to the owner of a 1,000
pound steer. On swine the de-
cline has not been quite so heavy,
and yet it has amounted to from
\$3 to \$6 per hog.—Winchester
Democrat.

County of Thorne.

Bible Written by Hand.

The most beautiful volume among the
one half million in the Congressional Li-
brary at Washington is a Bible which
was transcribed by a monk in the six-
teenth century. It could not be match-
ed to-day in the best printing office in
the world. The parchment is in perfect
preservation. Every one of its thousand
pages is a study. The general lettering
is in German text, each letter perfect
without a scratch or blot from lid to
lid. At the beginning of each chapter
the first letter is very large usually two
or three inches long, and is brightly il-
luminated in red and blue ink. Within
each of these capitals is drawn the fig-
ure of some saint, some incident of which
the chapter tells. There are two col-
umns on a page and nowhere is trace-
able the slightest irregularity in line
space or formation of the letters. Even
under a magnifying glass they seem
flawless. This precious volume is kept
under a glass case, which is sometimes
lifted to show that all the pages are as
perfect as the two which lie open.

A legend relates that a young man
who had sinned deeply became a monk
and resolved to do penance for his mis-
deeds. He determined to copy the Bible
that he might learn every letter of
the divine commands which he had vi-
olated. Every day for many years he
patiently pursued his task. Each letter
was wrought in reverence and love and
the patient soul found its only compan-

ionship in the saintly faces which were
portrayed on these pages. When the
last touch was given to the last letter
the old man reverently kissed the page
and folded the sheets together. The il-
lustrated initials in perfection of form
and brilliancy of color surpass anything
produced in the present day. With all
our boasted progress nothing in Euro-
pe or America equals it.—N. Y. Press.

Plant a Crop of Potatoes.

Potatoes at the prevailing prices are said to yield a better profit than a crop of tobacco. In planting the spring crops, farmers should not forget this fact. Now is a splendid time to set out an increase of fruit trees on the farm.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, satisfaction guaranteed by Swann-Day Lumber Co.

APRIL NUMBER

New Idea Woman's Magazine

The Easter number of the New Idea Woman's Magazine is a galaxy of bright contributions, which are, at the same time, practical hints to the home-staying women. Among the special articles, "Automobile for Men and Women" tells the proper costume for those who indulge in this popular sport. There is another of those important papers on "Psycho-Physical Culture," telling a woman how she may preserve her beauty; and "A Word for the Easter Bride" is full of good, sound counsel to the novice in house-keeping. The second of the series of "Brief Business Talks for Women" is given, and its advice will prove valuable and wholesome to all women who will heed it.

PURE OLD MALT.

Louisville, Ky., January 22, 1902.

MEAT & MALT CO., Louisville, Ky.
Gentlemen—Having examined your Meat and Malt
preparation, and being thoroughly acquainted with
its composition and mode of manufacture, I can
state that it is an efficient nerve and blood tonic. It
excites the appetite and invigorates digestion, and
is especially beneficial in nervous prostration and
all diseases attended with debility. Yours truly,

MRS. CECELIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
Chicago, Ill., Oct. 22, 1902.
For nearly four years I suffered
from ovarian troubles. The doc-
tor insisted on an operation as the
only way to get well. I, however,
strongly objected to an operation.
My husband felt disheartened as
well as I, for home with a sick
woman is a disconsolate place at
best. A friendly druggist advised
him to get a bottle of Wine of
Cardui for me to try, and he did so.
I began to improve in a few days and
my recovery was very rapid. With-
in eighteen weeks I was another
being.

Cecelia Stowe

Mrs. Stowe's letter shows every
woman how a home is saddened by
female weakness and how completely
Wine of Cardui cures that sick-
ness and brings health and happi-
ness again. Do not go on suffer-
ing. Go to your druggist today
and secure a \$1.00 bottle of Wine
of Cardui.
